Good morning Jonathan,

I hope you are well.

I just wanted to contact you this morning with regards to a call I received from Matt Gallagher at Greenlight Development yesterday afternoon at 3.44pm.

Matt informed me that I am not under any circumstances, to have any direct contact with you on behalf of the Parish Council and must go directly through him with any questions or queries, he also mentioned Alex Carling. He stated that you are not on the Proposed Horner Avenue Development and he said that you are only an Associate Director who is not involved.

I am really sorry to ask, but is this correct? are we not to contact you directly? If this is the case, then who can we contact directly within Bovis Homes?

Greenlight Developments don't seem to provide us with information that they promise and don't seem to want to listen, hence why we feel we need a direct contact at Bovis Homes. They also don't seem to want to respond or contact us via email.

In our telephone conversation last week, you said that you would send through updates when available, that we could share with the effected residents. Is this now not the case? If not, how will we be provided with proper updates going forward?

The Parish Council are worried that Greenlight Developments are pushing this proposal through against the strong wishes of our residents. we are concerned that this could potentially cause Bovis Homes reputational damage going forward within the Fradley Village.

Can the Parish Council please request a copy of the traffic reports that Greenlight have said have been completed and any other reports relating to this proposed development. Greenlight also promised to send us through the outcome of the pre application meeting with Lichfield District Council. Please can we have a copy of this also as we still haven't received it.

Any help and assistance you can offer, would be much appreciated.

Many thanks and kindest regards

Clare

Clare Orme
