Subject: Proposed Green Light Development and TPO's

Good afternoon Gareth and Portia,

I hope you are both keeping well.

I have been asked to contact you with regards to looking at some very important trees on land off Horner Avenue and Ward Close, this is with a view to possibly giving them Tree Protection Orders.

I have attached for your information the Proposed Development leaflet from Bovis and Greenlight, along with some photographs of trees that we would like you to look at.

If you have any queries, please do not hesitate to contact me. I am currently working from home and can be contacted on my mobile: 0771 9599132.

Many thanks and kindest regards

Clare

Hi Claire,

Thank you for including me in the loop as to what the PC and residents desire. As soon as Gareth passes his recommendations through to us for comment or approval I will let you know.

In the meantime I would suggest sending him the Bovis proposal under separate email attachment cover and it should go through. It will have been bounced by our new security on attachments but Gareth should have received it if he requests IT release.

I have some hard copies if you or anyone would like one.

I have also today obtained my own independent consultants report, which indicates some potential serious issues for access through Ward and Horner causing it to be virtually impossible. In fact very wrong to be considering to build houses on that site at all.

In the circumstances I think we need to quietly without Bovis knowing adopt a totally different or additional and more powerful subject of objection to LDC right NOW, before change of use is considered and granted.

Best regards

Derick

Hi Derick,

Thank you for your email below.

No problem, I have already sent Gareth a copy of the leaflet from Greenlight Development. He has responded back to me to let me know that he will be dealing with this shortly.

With regards to your Independent Consultant Report, can you tell me what sort of survey has been completed and by whom. Will you be sharing this report with the residents and if so I am sure the Parish Council would be interested in a copy.

With regards to your last paragraph, what action are you suggesting that the Parish Council takes with LDC right now?

Many thanks and kindest regards

Clare
